

MUHAMMAD FADLY

Bachelor of ICT (Honours) · Information Assurance & Security
m.fadly020@gmail.com | linkedin.com/in/palii | github.com/MhdFadlyy | Gombak, Selangor, Malaysia

SUMMARY

Cybersecurity student (Information Assurance & Security) who just completed a six-month SOC internship at a provincial government agency, covering SIEM monitoring, live incident response support, and vulnerability assessment of 192 government websites. Working toward OSCP. Background in network engineering (AP/router deployment, security hardening) and full-stack software development. Open to security-focused internship and full-time opportunities, available immediately.

EXPERIENCE

SOC Intern, Information Security & Cryptography Division

Apr 2026 – Oct 2026

Dinas Komunikasi dan Informatika Provinsi Sumatera Utara (Diskominfo Sumutprov)

- Monitored provincial government systems with Wazuh SIEM, deploying agents and triaging alerts; flagged an anomaly on a government website in week three.
- Supported response to a web defacement with planted backdoors: traced activity against the cyber kill chain, helped with log extraction and containment, and reviewed suspect files with VirusTotal alongside BSSN (national cyber agency).
- Supported response to a cryptojacking compromise of the provincial email cluster (5 Proxmox nodes); mapped response steps and drafted the escalation letters that triggered a cross-division incident meeting.
- Ran vulnerability assessments on 192 government websites using nmap, OWASP ZAP, WPScan, Nuclei, Gobuster, ffuf, Nikto and Acunetix; automated recurring checks with httpx and Python.
- Built ISO 27001-aligned SOP process diagrams (change management, document management, data masking) for an internal audit; compiled a 198-website status inventory to shrink the attack surface; documented Wazuh, Velociraptor and IRIS deployments.

Access & Network Intern

Feb 2019 – Jul 2019

PT Atlantik Internasional Akses

- Performed mandatory security hardening on every new AP/router install: changed default admin credentials, configured encrypted wireless protocols.
- Completed end-to-end network installs (avg. 5 AP/router/day) including fiber-optic splicing and pole-mounted hardware, maintaining 100% connectivity.
- Diagnosed and resolved routing/AP escalations, minimizing downtime for clients.

SKILLS

Security & Networking

Wazuh (SIEM), Velociraptor, IRIS, Wireshark, Nmap, Kali Linux, OWASP ZAP, Nuclei, Acunetix, Proxmox, OpenVPN, Network Hardening, TCP/IP

Software Development

Python, Java, C++, Flutter/Dart, JavaScript/HTML/CSS, MySQL, Firebase, Figma

Soft Skills: Leadership & Teamwork, Risk Assessment, Stakeholder Communication, Incident Escalation, Adaptability

Languages: English, Bahasa Indonesia, Bahasa Melayu

EDUCATION

Bachelor of Information & Communication Technology

Sep 2021 – Present

International Islamic University Malaysia · GPA 3.12

Relevant: Management of Information Security, Risk Management, Control & Audit of Information Systems, Cyber Law & Ethics, Web Application Development & Security, Computer Networking.

Access Network Engineering

Jul 2018 – Jul 2021

Telkom 1 Medan Vocational School · Score 93.2/100

PROJECTS (SOFTWARE DEVELOPMENT)

MOMent: Pregnancy Tracker App

Jun 2025 – Jan 2026

Flutter mobile app with kick counter, an online/offline AI chatbot, and automated-email account recovery.

Baitul Ehsan Website

Mar 2024 – Aug 2024

Web platform digitizing administrative workflows, student records, and donation tracking for a non-profit (~30 visitors/month).

EXTRACURRICULAR

- Assistant Head of Education & Training**, IIUM Student Career Team (Aug 2024–Oct 2025): built 2 training workshop modules; Assistant Program Manager for Career Booster 2024 (300 attendees).
- Bureau of International Welfare**, Mahallah Siddiq's Representative Committee (Oct 2024–Oct 2025): supported 37 international students; produced a dormitory orientation video.

AWARDS & CERTIFICATIONS

- Silver Award, Project INSANI: "Helping to Make the Journey Brighter" (Jan 2026)
- CCNAv7: Introduction to Networks, Cisco Networking Academy (Jan 2023)
