SUMMARY

A passionate IT (Information Assurance & Security) student actively seeking internship opportunities from March to September 2026 in IT security, technical operations, or system administration. Bringing strong leadership experience, technical capability, and operational coordination across university governance, event management, and digital projects. Skilled in risk assessment, facility quality control, UI/UX design, front-end development, and cybersecurity best practices. Proven track record in leading large teams, coordinating high-impact programs, and developing user-centric technology solutions.

EDUCATION

Bachelor of Information & Communication Technology (Sep 2021 – Present)
International Islamic University Malaysia

- Current GPA : 3.12
- Relevant subjects : Management of Information Security, Project Management, Risk Management, Control & Audit of Information System, Cyber Law & Ethics, Web Application Development & Security, Computer Networking.

Access Network Engineering, (Jul 2018 – Jul 2021)
Telkom 1 Medan Vocational School

- Score : 93.2/100

PROJECTS

MOMent : Pregnancy Tracker App (Final Year Project | Jun 2025 – Jan 2026)

- Developed a mobile application (Flutter) for pregnancy tracking with kick counter, AI Chatbot, and health logging.
- Developed an AI chatbot that functions in both online and offline environments.
- Integrated a database feature to send users automated emails for account recovery.

Baitul Ehsan Website (Group Project | Mar 2024 – Aug 2024)

- Developed a web-based platform to digitize administrative workflows, student records, and donation tracking for a non-profit. This website is visited by an average of 30 people per month.

EXTRACURRICULAR ACTIVITIES

**Bureau of Media & Information,
Indonesian Student Association (PPI – IIUM)**

(Oct 2021 – Sep 2022)

- Increase user engagement on the website to an average of 15 people per day.
- Change the appearance of the website to be more modern and minimalist.

**Assistant Head of Education & Training,
IIUM Student Career Team**

(Aug 2024 – Oct 2025)

- Developed two workshop modules to train ISCT members and IIUM students.
- Served as Assistant Program Manager for Career Booster 2024 and resulting in a successful event attended by 300 people.

**Bureau of International Welfare,
Mahallah Siddiq's Representative Committee**

(Oct 2024 – Oct 2025)

- Created a dormitory instruction video for new students.
- Successfully helped 37 international students with their problems in the dormitory.

AWARDS & CERTIFICATIONS

Awards

- Silver Award: Project INSANI | Helping To Make The Journey Brighter (Jan 2026)

Certifications

- CCNAv7 : Introduction to Networks – Cisco Networking Academy (Jan 2023)

WORKING EXPERIENCE

**Access & Network Intern,
PT Atlantik Internasional Akses**

(Feb 2019 – Jul 2019)

- Optimized network deployment efficiency by successfully completing an average of 5 access point (AP) and router installations per day, ensuring rapid service delivery for clients.
- Executed end-to-end network infrastructure setup, including hardware configuration, physical installation on-site (including pole-mounted equipment), and troubleshooting to maintain 100% connectivity.
- Mastered specialized hardware tools, utilizing fiber optic fusion splicers to perform high-precision cabling and repairs, reducing signal loss and improving network stability.
- Configured and integrated routing protocols between routers and access points to create seamless wireless coverage and robust local area networks (LAN).
- Resolved complex technical escalations by diagnosing and repairing faulty APs and routing equipment, minimizing downtime for end-users.
- Strengthened network edge security by performing mandatory security hardening on all new installations, including changing default administrative credentials and configuring encrypted wireless protocols.

SKILLS

Technical Skills :

- **Programming & Frameworks** : Java, C++, C, Flutter, Dart, JavaScript, HTML, CSS
- **Database & Backend** : MySQL, Firebase
- **UI/UX & Creative Design** : Figma (Wireframing), Canva, CapCut
- **Project & Office Management** : Microsoft Project, Excel, Word, PowerPoint

Soft Skills : Leadership & Teamwork, Risk Management & System Diagnostics, Strategic Communication, Adaptability & Flexibility, Stakeholder Engagement and Diversity.

Language : English, Bahasa Indonesia, Bahasa Melayu
